Samples and quotations submitted on request.

## Foreword

*We specialize in clips for pens, pencils and papers and for displaying merchandise. Supplied for retail trade, for pen or pencil manufacturers and for advertising purposes.*

*It is our aim to produce clips of merit, most practical in design, finest in finish, and most attractively mounted on display cards for retail trade, so that the retailer and consumer will recognize our goods as a standard of quality.*

*We earnestly request jobbers not to cut prices below those given for retailers as shown on price sheet because the policy of price cutting is detrimental in time to sound business and a steady customer.*

---

*We will be pleased to send to those who have had occasion to use metal stampings of special design and were uncertain as to where to have them made, our catalogue of "SPECIAL METAL STAMPINGS".*

## Advertising Clips

The clips illustrated below are used extensively for advertising by attaching celluloid buttons or embossed metal stamping ads to them. The Advertisers A, B, C and D are made especially for celluloid buttons with the metal back already attached. The celluloid is molded over the metal frame on the Advertisers E, F and G making a permanently attached indestructible button ad.

Embossed metal stampings may be soldered on the Holyoke, Holyoke B, Pioneer, Columbia, Security, Holyoke Hex, Thermo, Economy and Spoon Hex or the ad may be stamped on the clip.

The Holyoke, Holyoke Hex, Spoon Hex, Columbia, Pioneer, Economy and Thermo clips are also used by fountain pen and pencil manufacturers who furnish clips on pens or pencils and on pencils imprinted for advertising purposes.

The sizes we furnish are as follows: Holyoke and Holyoke B in pencil, clutch pencil, medium pen and large pen sizes; Columbia, Security and Advertiser G in pencil, medium pen and large pen sizes; Pioneer, Economy, Holyoke Hex, Spoon Hex and Advertisers A, B, C, D, E and F in pencil size only. The Advertisers E, F and G are made with the shells to fit shell caps with ads in 26, 30 and 34 lign sizes. The Thermo clip is made in the thermometer case size only. The clutch pencil size is slightly larger than the ordinary pencil size.

All clips noted above are made of steel, hardened and tempered and highly finished in nickel plate, except the Economy clip which is made of hard rolled brass, nickel plated. Clips are packed ten gross to a box. Write for prices.

## Permanently Attached Pen Clips

PREMIER 'B', SECURITY 'B', UTILITY, UNIVERSAL and V. V.

These clips are for permanent attachment to fountain pen caps and are supplied to manufacturers of fountain pens. The Premier 'B', Security 'B', and Utility clips are attached by inserting the spring portion through a hole in the cap and held in place by the nonleakable plug which is in most makes of pens.

The V. V. clips are attached by drilling two small holes in the pen cap, and inserting the two prongs of the clip which are clinched inside of the pen cap. Necessary tools are furnished for attaching these clips to the caps. These clips may also be used on other articles, such as rule cases, thermometer cases, etc.

The Universal clips are attached by inserting clip in a slot cut with a small circular saw and clip is held in place by a very small screw in the end of the pen cap. Necessary tools are furnished at small cost for attaching these clips to the pen caps. These permanent fountain pen clips are well made attractive and serviceable clips and are finished in nickel plate or 14k rolled gold plate. Prices furnished on application.
